

THE PROMPT

March 2013

CHAIRMAN'S MESSAGE:

I have been hearing great things about the Panto and many congratulations to everyone involved, particularly Pam Furnish, the Director, who has to be one of the hardest working directors ever. I just wish that I could have been there! It was a huge challenge for us to use the Princess Pavilion and we are assessing how it went. Your feedback would be gratefully received. *We will be including a report in the next Prompt.*

We had very ambitious plans for the One Act Festival – a play called Harlequinade by Terence Rattigan. Despite great enthusiasm there was simply not enough people able to take part so we have had to cancel. This is always disappointing but we shall see what we can do another year.

As I come to the end of my Chairship of CDDG I am becoming a bit sad and reflective – it has been a great journey but it is time for 'fresh blood' to co-ordinate the next few years. Anyway more of that in the next Prompt – my final blast!!

All the best

Aline

Presentation of our cheque to Jill & Brian the reps from Leukaemia & Lymphoma Research.

This was our donation from “Calendar Girls” and the presentation took place in P.W.V.H on Sunday 3rd March.

KARNON KIDZ KORNER:

Sam and Jason are delighted to announce that **Oklahoma** was cast 24th February and amazingly, even though all the children said they couldn't do a southern accent every audition was done with an accent, which truly put the cat amongst the pigeons.

The decisions proved to be very difficult and as a reflection to the quality none were unanimous. The team are delighted with our cast we of course still have space for the odd cowboy or farmhand if you missed auditions.

On another note does anyone have or know where to get hold of a pot bellied stove and an old hurricane lamp to decorate the set?

Please call the info line or more information or if you can help. **08454 500296.**
